NOVEMBER 2023

**Engage, Equip, Excel: The
ComedKares Formula!**

EXCITING RECAP OF NOVEMBER

Engage, Equip, Excel: The ComedKares Formula

This month, our centres have continued to engage programs for our students. We have garnered significant interest from additional institutions, and our commitment to conducting Robotics and IDT sessions for students before their semester examinations remains unwavering. Notably, this month witnessed a reduction in the frequency of webinars, affording students valuable time to engage actively with our centre facilitators on community-centric projects. Our students continue to excel in representing both ComedKares and their respective educational institutions across various platforms, earning notable accolades and widespread recognition for their achievements.

@ ComedKares Innovation Hub in Yelahanka**

At present, Banaswadi, Belgaum and Mangalore Innovation Hubs are actively involving students in the Robotics course, while all 8 centres are engaging students in Innovation & Design Thinking courses.

Programs And Other Highlights At The Centers

Internships culminate with resounding success at JP, Yelahanka and Belgaum

47 Projects presented at JAIN College, Belgaum presented by 1st year students as a part of the Srujana Internship Prototype Exhibition on the 25th of November.

16 Social Innovation Projects were exhibited at the JP Nagar centre on the final demo day of the Social Connect with Field Visit Internship. The Judges from the **Bosch Foundation** provided valuable feedback, constructive critiques, and recommendations based on their extensive experience in the field. This collaborative evaluation process not only added a layer of credibility to the projects but also enriched the learning experience for the participating teams.

The Yelahanka Innovation Hub played a pivotal role in nurturing innovation by mentoring **32 teams** as they embarked on their robotics journey. The culmination of this transformative experience was marked by a highly anticipated event where **30 robots developed by the teams** engaged in spirited competition.

The culmination of the ComedKares Robotic Internship at JP reached its zenith on November 24th with the final milestone event. The arena witnessed intense competition as **11 teams showcased their prowess in robotics**, integrating fundamental concepts learned during the internship. The challenges encompassed various aspects, including line detection, colour detection, and navigation techniques.

At present 6 ComedKares centres have confirmed an intake of **over 800 students in total enrolled into internships.**

Celebrating Deepavali and Ethnic Day @ ComedKares Innovation Hubs

Teams across the 8 ComedKares centres celebrated the occasion of Deepavali and Ethnic day with great enthusiasm and unity. The day was marked by vibrant decorations, traditional rituals, and a sense of togetherness as everyone came together to honour this special festival.

Celebrating Facilitator Achievements!

Ashwini, Saeedah Muhammad Qasim Ahamed, Vinu chadran V, Sayooj M.K. Sabith Muhammad Qasim Ahamed, mentors from Banaswadi and Gopalan mall Comedkares centre bagged the First place in the INEX India innovation event held at Goa.

Celebrating Student Achievements!

Somesh Hotkar, Sanni Kumar, Vinay Buddhi, Sumeet Hibare, and Harish Reddy from **Shetty Engineering College, Kalburgi** (Team Squbes) bagged the **third place** in the **INEX India** innovation event held at Goa.

In the recent academic competitions, our dedicated teams showcased exceptional talent and commitment, earning notable recognitions. At INEX-2023 in Goa on 9th November 2023, **Clayton Pereira, Luke Roman Noronha, and Sherwin Riyon Agera secured a Silver Medal**, highlighting their commendable achievements. Simultaneously, another team led by Dr. Sivaramyapragathi secured the Runner-up position in the same competition, adding to our collective success. Additionally, in the IEEE WIE Climate Tech Big Idea Pitch Competition on 21st November 2023, Dr. Sivaramyapragathi received acclaim for delivering the Best Pitch, further highlighting the calibre and innovation fostered at ComedKares.

Notable Visits Across the Innovation Hubs

Vamshi Krishna and Chandana P. from the Mysore centre visited one Mysore based 3D Design and Print Startup.

Mr. Uday Shankar, NIE College Management member visited the Mysore ComedKares Hub on the 1st of November.

Industry Personnel Visits :

1. **Mr. Krishna Jonna**, Founder & CEO – VOUCH Visited Gopalan Legacy Mall Center.
2. **Ms. Aishwarya Rai**, Product Manager – SOFY.AI Visited Yelahanka Center.
3. **Dr. Sahith eranyakula**, Practitioner – Dayanand Sagar University Visited Yelahanka Center.
4. **Mr. Sunil KG**, Sales & Marketing Specialist – ROCHYS Visited Banaswadi Center.
5. **Ms. Rubal chib**, Founder – QCells Visited JP Nagar Center.
6. **Mr. Suresh**, Program manager Bosch foundation Visited JP Nagar Center.
7. **Mr. P.B. Ahmed Mudassar**, Hon. Secretary, KCCI Visited Mangalore Center.
8. **Mr. Orwin Noronha**, Local Innovator Visited Mangalore Center.
9. **Mr. Rithwik Nayak**, Founder – LifeEssentials Water Solutions Pvt Ltd. Visited Mangalore Center.
10. **Mr. Kaviraj I Naganur**, Chief Officer, Machhe Village Panchayath, Visited Belagavi Center.
